Visitors, after clearing Canadian Customs, may get first-hand information from Government-operated Tourist Information Centres. There is one on Manitoba Highway No. 75, north of U.S. Highway No. 81; and another on Manitoba Highway No. 10, north of North Dakota Highway No. 3. In Winnipeg, the Government Tourist Information Office is on the main floor of the Legislative Building. Large department stores, travel agents, railroads, air and bus lines also have information counters.

U.S. VISITORS ENTERING MANITOBA

Although U.S. citizens need no passports, certain personal papers may be helpful: birth certificates, letters of identification, etc. Naturalized citizens should carry naturalization certificate. These papers may be needed when the visitor re-enters the United States.

Clothes, toilet articles and other personal effects are admitted duty free. In addition the traveller may take into Canada — 50 cigars, 200 cigarettes, two pounds of tobacco and 40 ounces of alcoholic beverages, duty free. Gifts except tobacco and alcoholic beverages, to friends in Canada are duty free if their value doesn't exceed \$10.

There is no duty on: fishing tackle, portable boats, canoes, outboard motors, tents, camping equipment, golf clubs, tennis racquets, radios, record players, musical instruments, cameras (both still and movie) and six rolls of film, guns and rifles (revolvers and pistols prohibited) and typewriters, PROVIDED these articles are the personal property of the tourist and will be used by him only. All articles must be identified and reported to Customs officers, when entering Canada and when leaving.

All dogs, other animals, or birds, brought into Canada for hunting purposes or as pets, are admitted without deposit. Dogs originating in the U.S.A. may be imported into Canada at any Customs port of entry if they are accompanied by a certificate signed by a licensed veterinarian of Canada or the U.S.A. certifying that the dog has been vaccinated against rabies during the preceding 12 months and carrying a reasonably complete and legible description of the dog together with the date of vaccination.

SERIAL NUMBERS

While not required, a list of the serial numbers of your cameras, guns, outboard motors, typewriters, radios, record players, etc., will save you time at the border.

CONSUMABLE GOODS

The visitor may take into Canada duty free: one or two days food supply, gasoline and oil for 300 miles by car and 50 rounds of ammunition. Quantities over this amount are subject to duty.

PINK CARDS FOR AUTOMOBILES

Visitors travelling in Manitoba by car would be wise to carry a Manitoba "non-resident" Motor Vehicle Liability Insurance Pink Card. You may obtain full details from your insurance agent. He can supply you with a pink Motor Vehicle Liability Insurance card for Manitoba. It's not essential that you have this card, but it can save you time and embarrassment should you become involved in an accident. If your agent doesn't have these cards, his head office may secure them from: Superintendent of Insurance, Room 132, Legislative Building, Winnipeg 1, Manitoba, Canada.

Cars may be used in Canada, with your own state's plates, for six months without payment of any duty or fee. Motorcycles and bikes are under the same regulations. No separate permit is needed for trailers. A list of removable items in the trailer (radio, T.V., appliances, etc.) will speed you through customs.

GASOLINE

When you fill your gas tank in Canada, remember the Canadian Imperial gallon is one-fifth larger than the U.S. gallon, so you need fewer gallons to fill'r up.

MONEY

The U.S. dollar is accepted in Canada, naturally, but its value in relation to the Canadian dollar varies from time to time (according to the rates on the International Currency Market). Tourists are advised to take their U.S. money to a Canadian bank and have it exchanged. This may save time and irritation when shopping.

FLYING VISITORS

If you come to Manitoba in a private aircraft, or if you want to make air connections between various points in Manitoba you should get a copy of the Official Air Navigation Map. The map also gives complete instructions for air travel in the province, admission, flight and landing procedures, weather services, airports, strips and lake landing facilities, scheduled and charter air lines. Map is free of charge from the Travel and Publicity Branch, Legislative Building, Winnipeg 1, Manitoba.

SOME TRAFFIC HINTS IN MANITOBA

While our traffic signals are of the standard system used throughout Canada and the United States there are several innovations which should be noted.

1. A flashing green light indicates that oncoming traffic is stopped by a red light and allows you to make a left turn.
2. When a "green arrow" signal is accompanied by a red light you may proceed only in the direction of the green arrow.
3. In a few Manitoba cities and towns a right turn is allowed at a red light after making a complete stop, but this will be indicated by a notice at the intersections.
4. The maximum speed limit on Manitoba highways is 60 M.P.H. during the daytime and 50 M.P.H. at night unless signs are posted contrary to this.

U.S. VISITORS LEAVING MANITOBA

It's your own responsibility to satisfy the U.S. Customs and Immigration that you are entitled to re-enter the U.S. They also decide what you may or may not bring back with you from Canada.

If you have been in Canada **less than 48 hours**: you may take back \$10 worth of merchandise duty and tax free for personal use. This must not include more than 50 cigarettes; 10 cigars; ½ pound of tobacco; 4 ounces of alcoholic beverages OR 4 ounces of alcoholic perfume. Family members are not allowed to pool the values of their purchases.

If you have been in Canada **more than 48 hours**: you may take back with you, every 31 days \$100 worth of merchandise for personal use, duty and tax free.

Under either exemption, **BUT NOT BOTH**, 100 cigars and 1 wine gallon of alcoholic beverages may be taken into the U.S. Family members in these cases are allowed to pool their purchase values. Remember, all articles bought in Canada must be declared to U.S. Customs.

Re-entry to the United States can be simplified if you:

1. List all your purchases before you reach the border.
2. Keep sales receipts and invoices handy.
3. Pack purchases separately to speed up inspection.

GIFTS SENT FROM MANITOBA

Gifts (except alcoholic beverages, perfume with alcoholic content, and tobacco products) sent to a person in the United States are passed duty free provided the total value of such gifts received by a person on one day does not exceed \$10. Gift packages should be plainly marked "Gift" and value indicated. If you are in doubt about these or any other border crossing regulations, phone or write your nearest Customs office.

CAMPGROUNDS, PICNIC AND TRAILER FACILITIES

INTRODUCTION

Manitoba's ideally located campgrounds, picnic sites and trailer parks are well known by both Canadian and American outdoor families. This booklet is designed for use in conjunction with the Manitoba Road Map — to assist campers travelling with tents or trailers to plan their stops ahead of time. Information on both government-operated and private or commercial camp sites, picnic areas, and trailer parks will be found in this listing.

For convenience, the province has been divided into three sections, Central, Eastern and Western, and their facilities have been listed according to Highway Number. Symbols have been used to illustrate the facilities available at each area:

E	—	electricity connections for trailers
Sw	—	sewer and water connections for trailers
K	—	kitchen shelter
C	—	cooking facilities
W	—	water suitable for drinking
T	—	tables and benches
S	—	sanitary facilities
P	—	playground equipment
B	—	beach
H	—	change houses
D	—	dock
F	—	fishing

Stores and restaurants are usually found near the larger campgrounds and in nearby towns, however, only those adjacent to the campgrounds have been listed in this booklet.

When camping in Provincial Parks, always obtain permission from the campground attendant, or the local Conservation Officer. A nominal fee is charged at some government-operated camp sites, depending on services provided, while fees at the privately-operated picnic sites, campgrounds, and trailer parks vary slightly throughout the province.
